

Schulthess simplifies structures and becomes even more agile

Dear Business Partners

Schulthess Maschinen AG in Wolfhausen ZH is the leading expert for washing technology in Switzerland and has since 2016 been pursuing a sustainable and profitable growth strategy, which it is successfully implementing in the national and international market thanks to innovative products and digital business models.

With this next step, the long-established company is consistently pursuing its expansion strategy, positioning itself as a provider of system solutions with a commensurate group structure. From its new headquarters in Cham ZG, **Schulthess Maschinen AG** will drive international business forward and manage sales and the service business. Concentrated at the Wolfhausen production site are innovation, development, purchasing and manufacturing. These areas will be integrated into the newly created **Schulthess Produktion AG**.
